0 Introduction **2**

1 Propositional Logic **2**

1.1 Propositional Formulas 2

1.2 A formal system for propositional Logic 2

1.3 Soundness and completeness of L 2

2 Predicate Logic **2**

3 Set Theory **2**

4 The axiom of choice and consequences **2**

5 Postscript **2**

0 Introduction

1 Propositional Logic

1.1 Propositional Formulas

1.2 A formal system for propositional Logic

1.3 Soundness and completeness of L

2 Predicate Logic

3 Set Theory

4 The axiom of choice and consequences

5 Postscript
